

krtrimaIQ IT Policy

1. APPLICABILITY

This policy is prepared and is effective immediately from 1st April 2022.

This policy is applicable to all employees of krtrimaIQ.

2. PURPOSE

To remain competitive, to serve our customers and provide our employees with the best tools to do their jobs, krtrimaIQ makes available to our employees, access to one or more forms of hardware equipment like laptops or desktops, electronic media and services, e-mail, voicemail, online services, Internet.

krtrimaIQ encourages the use of these equipment, media and associated services because they can make communication more efficient and effective. They are valuable sources of information about vendors, customers, technology, and new products and services. However, all employees and everyone connected with the organization should remember that equipment, electronic media and services provided by the company are company property and their purpose is to facilitate and support company business. All employees have the responsibility to use these resources in a professional, ethical, and lawful manner.

No policy can lay down rules to cover every possible situation. Instead, it is designed to express krtrimaIQ philosophy and set forth general principles when using company provided equipment, electronic media and services.

3. SCOPE

This policy is applicable to anyone who access krtrimaIQ IT Network.

4. PERSONAL USE

The equipment, electronic media and services provided by krtrimaIQ are primarily for business use to assist employees in the performance of their jobs. Employees are expected to demonstrate a sense of responsibility and not to abuse this privilege for personal benefit.

5. RESPONSIBILITY OF THE EMPLOYEES UNDER THE IT POLICY

krtrimaIQ reserves the right to create any subsets of this policy for specific operation further and / or change, modify or amend this policy at any time as circumstances may require.

- a. Each employee is responsible to comply with krtrimaIQ IT Policy and all general cyber laws applicable as an individual.
- b. Each employee is responsible to store important data files created on krtrimaIQ computing facilities only.
- c. Each employee is responsible to take reasonable care of his/her account and password. For example, one should change his/her password frequently; one should not under any circumstances give his/her password to another person.

- m. Each employee is responsible not to make any hardware or software changes on the company's provided asset without prior approval.
- n. employee is responsible for clean and hygienic maintenance of the computer and should keep it clean.

6. COMPANY ASSETS

Upon Cessation of your employment, if any, you shall return and surrender to the Company all equipment, confidential information and property in your possession or control held in whatsoever form including but not limited to laptops, documents, tools, Plans, drawings, materials, Computer/Laptop, documentation thereof, and other properties of the Company which may be in your possession or under your control with a proper handover note on the activities status to the person as nominated by the Company and obtain a "No Objection Certificate" from all the departments of the Company upon which only you will be relieved from the Company and your full and final settlement account will be settled.

7. ACCESS TO EMPLOYEE COMMUNICATIONS

Generally, any electronic information created and/or communicated by an employee using e-mail, word processing, utility programs, spreadsheets, voicemail, telephones, Internet and bulletin board system access could be reviewed by the company if required.

krtrimaIQ may routinely gather logs for most electronic activities or monitor employee communications & data directly, e.g., data files on endpoints, telephone numbers dialed, sites accessed, call length, and time at which calls are made, for the following purposes:

- a. Cost analysis and Resource allocation
- b. Detecting patterns of use that indicate employees are violating company policies or engaging in illegal activity.

krtrimaIQ reserves the right, at its discretion, to review any employee's electronic files and messages to the extent necessary to ensure electronic media and services are being used in compliance with the law, this policy and other company policies.

8. SOFTWARE

To prevent computer viruses from being transmitted through the company's computer system, unauthorized downloading of any unauthorized software is strictly prohibited.

Employee should use the authorized and licensed software/uploaded by the IT team or provided by the company. Employees should contact the IT team if they have any questions for new software installation.

9. SECURITY/APPROPRIATE USE

Employees must respect the confidentiality of other individuals' electronic communications.

Except in cases in which explicit authorization has been granted by company management, employees are prohibited from engaging in, or attempting to engage in:

- Monitoring or intercepting the files or electronic communications of other employees or third parties;
- Hacking or obtaining access to systems or accounts they are not authorized to use
- Using other people's log-ins or passwords; and
- Breaching, testing, or monitoring computer or network security measures.

No e-mail or other electronic communications can be sent that attempt to hide the identity of the sender or represent the sender as someone else.

Electronic media and services should not be used in a manner that is likely to cause network congestion or significantly hamper the ability of other people to access and use the system.

Anyone obtaining electronic access to other companies' or individuals' materials must respect all copyrights and cannot copy, retrieve, modify or forward copyrighted materials except as permitted by the copyright owner.

10. DATA BACKUP

Company will provide facility of Data backup to all the employees to best of resources available, and user is responsible for taking backup of data stored on their individual system or the drive allocated to them.

11. PROHIBITED COMMUNICATIONS

Electronic media cannot be used for knowingly transmitting, retrieving, or storing any communication that is:

- a. Discriminatory or harassing
- b. Derogatory to any individual or group

- c. Obscene
- d. Defamatory or threatening
- e. In violation of any license governing the use of software; or
- f. Engaged in for any purpose that is illegal or contrary to krtrimaIQ policy or business interests.

Every communication made over any electronic media must endorse professional ethics, high organizational values and exclusive of any personal abhorrence.

12. ENCRYPTION

Employees can use encryption software supplied to them by the systems administrator for purposes of safeguarding sensitive or confidential business information. Employees who use encryption on files stored on a company computer must provide their supervisor with a sealed hard copy record (to be retained in a secure location) of all of the passwords and/or encryption keys necessary to access the files.

13. PARTICIPATION IN ONLINE FORUMS

Employees should remember that any messages or information sent on company-provided facilities to one or more individuals via an electronic network—for example, Internet mailing lists, bulletin boards, and online services—are statements identifiable and attributable to krtrimaIQ. krtrimaIQ reserves the right to access, review any information shared in online forums and hold the employee accountable to share only such information that is in compliance with the law, this policy and other company policies.

krtrimaIQ recognizes that participation in some forums might be important to the performance of an employee's job. For instance, an employee might find the answer to a technical problem by consulting members of a news group devoted to the technical area.

Anyone experiencing violation of this policy at any level should immediately report back to the IT about the same.

14. VIOLATIONS

Any employee in violation of this policy will be subject to disciplinary action, including possible termination of service employment, legal action, and criminal liability.

Further, Information Technology (Amendment) Act 2000 / 2008 of Govt. of India (Refer www.mit.gov.in) & all subsequent amendments to the said Act, will be applicable for any other dispute or matters that are uncovered in this krtrimaIQ IT policy.

15. CONFIDENTIALITY

You shall owe total allegiance to the Company always and shall not disclose or discuss or divulge or part with any information or manufacturing process of the Company, technical knowhow, financial position, marketing strategies, future plans, topography of the Units or any other information related to the Company or associate Companies that may become known to you while being associated with the Company, to any third party or an outsider via personal or company allocated email id.
